Providing Health Care Navigation
and Patient Advocacy Services
for Cancer Patients and
Their Loved Ones

Receiving a diagnosis of cancer is a life changing event setting you on an unexpected journey.

Has your cancer diagnosis left you feeling fearful, worried and unsure?

Do you feel lost in the complexities of the health care maze?

Do you need help making sense of the many available treatments and alternative approaches?

Are you feeling anxious trying to process complex medical terms and large amounts of information provided by your medical provider?

Could you use assistance preparing for your physician visits, thinking through questions that are important to you?

Do you want peace of mind knowing that you have been empowered to make informed decisions regarding your cancer care?

Do you need assistance coordinating some or all aspects of your care?

You do not have to manage this all on your own.

By retaining Beacon Oncology Nurse Advocates, you will have a personal cancer nurse advocate who will support you and your loved ones by providing information, guidance and the tools you need to take control and chart the right course for you.

Beacon Oncology Nurse Advocates understand cancer care processes and the complex health care system.

- * We are experts in guiding patients like you through the health care system while advocating for you
- * We answer your medical questions
- * We support you and your doctor in achieving the best medical outcomes for you through a team approach
- * We simplify the process of coordinating care, and insurance approvals/claims
- * We eliminate barriers to high quality personalized care to promote the best clinical outcomes for you

No matter where you are in your journey, we provide expert guidance and patient advocacy when you need it most:

- * Navigation
- * Education
- * Research
- * Advocacy
- * Care Coordination
